

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

**ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

### Monitoring Requirements Not Met for East Hempfield Water Authority

Our water system violated drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 2020 monitoring period we failed to conduct disinfection byproduct monitoring during the third quarter and therefore cannot be sure of the quality of our drinking water at this location during that time.*

#### What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for disinfection byproducts and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant/ Disinfectant	Required sampling frequency	Number of samples taken	When missed sample should have been taken	When samples were or will be taken
TTHMs and HAA5s	Quarterly	0	Third Quarter	N/A

#### What happened? What was done?

*Due to a change in the number of samples we missed the August 2020 sampling. This is a violation with the Pennsylvania Department of Environmental Protection. We were notified of the violation in November just before our fourth quarter sampling so we were not required to take follow up samples.*

For more information, please contact Steve Gohn at 717-898-8231.

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by East Hempfield Water Authority.
