

## DRINKING WATER PROBLEM CORRECTED

### IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

**ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

As a customer of Hempfield Water Authority,  
you were notified on April 30, 2025 of a problem with our drinking water and were advised to not to give to infants under 6 months of age and if you had underlying health issues.  
We are pleased to report that the problem has been corrected and that it is no longer necessary to restrict the use of the water and is safe to use for everyday consumption,

We apologize for any inconvenience and thank you for your patience.

The Water Authority is not using the well with the high nitrates. We are adding water from our high-pressure system to making up the difference. We are currently working on a long term solution to lower the nitrates in the effected well.

As always, you may contact:

Hempfield Water Authority  
920 Church St / PO Box 97  
Landisville, PA 17538  
at 717-898-8231

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Hempfield Water Authority.
